PCS SEASON

Packing boxes. Closing chapters. Carrying courage forward. Orders may change the address, but home is built in the memories, resilience, and love we carry with us. Each goodbye makes space for a new beginning: new streets, new friendships, new purpose. Saying goodbye to coworkers and friends who became like family is never easy, yet the connections built through shared sacrifice and constant support remain strong no matter where life leads. Through every move, military families don't just relocate. They rise, rebuild, and rediscover home again, carrying those lasting connections into every new chapter.

JUNE FUN

ALL ABOUT POPS!

Father's Day is a great time to celebrate the Dads and father figures who make life easier, funnier, and sometimes a little chaotic in the best way. Dads are known for their classic jokes, fixing things that may or may not need fixing, and always somehow knowing where everything is.

Whether it's a Dad, stepdad, grandpa, uncle, or another important role model, they all play a special part in the family.

At FSS, we also want to highlight some of our awesome dads in the community. From showing up for school events, helping with daily routines, supporting their kids, or just being there when it matters most, these Dads help make our FSS family strong. We truly appreciate all the big and small things they do.

Father's Day doesn't need to be complicated. It can be simple—spending time together, sharing a meal, watching a movie, or doing something he enjoys. Even a small note or "Thanks, Dad" can mean a lot.

At the end of the day, it's about spending time, sharing a few laughs, and showing appreciation for everything Dads do.

EXPLORE

A new month means fresh events, fun programs, and plenty of ways to make memories. From family-friendly activities to special happenings you won't want to miss, June is packed with new events, laughter, and excitement. Explore what's coming up and join the fun!

STAY COOL: DIY FRUIT POPSICLE

Nothing says summer like a cold popsicle on a hot June day. These DIY Fruit Popsicles are super easy to make, refreshing, and way cooler than store-bought treats.

What You Need

- Juice (any flavor you like)
- Fresh fruit (strawberries, blueberries, oranges, etc.)
- Popsicle molds or small paper cups
- Popsicle sticks (or plastic spoons)

How to Make Them

1. Add fruit
2. Drop small pieces of fruit into your molds or cups.
3. Pour in juice
4. Fill the mold with your favorite juice (like apple, orange, or berry blend).
5. Add a stick
6. Place a popsicle stick in the center.
7. Freeze
8. Put them in the freezer for a few hours until solid.
9. Enjoy!
10. Once frozen, run the mold under warm water for a few seconds to help them slide out.

They're colorful, refreshing, and you can mix and match flavors however you want. Every popsicle turns out a little different, which makes it even more fun. Perfect for pool days, outside breaks, or just cooling down in the summer heat!
